

# Peter Pan

Peter Pan lives in Neverland with Tinkerbell the pixie. Mermaids loved to visit Peter.

Peter and Tinkerbell visited Wendy's house and he lost his shadow.

A few days later, Peter went to Wendy's house to get his shadow. Wendy had to sew it on to him.

Wendy and her brothers flew with Peter and Tinkerbell to Neverland. They thought it would be a great adventure. Tinkerbell's pixie dust helped them fly.

When they were near Neverland they saw a pirate ship. The pirates always tried to catch Peter.

The pirates shot a canon ball at the children but luckily missed

The lost boys of Neverland saw Wendy and thought she was a white bird. Tinkerbell yelled "Shoot it! Shoot it!" She is jealous of Wendy and wants her dead.

Luckily, the arrow did not hurt Wendy. Peter was angry with Tinkerbell.

Captain Hook was a pirate. He hated Peter Pan.

Peter had cut off Captain Hook's hand and an alligator swallowed it and his watch too.

Captain Hook had captured Tiger Lily, the indian princess. Indians and pirates were not friends in Neverland.

Peter went to rescue Tiger Lily. The battle began.

Tiger Lily is freed.

The lost boys were scared of the pirates. The indians protected the doors in the trees that went to their underground homes.

One day, Wendy asked the lost boys to come to her house. They were all very excited but Peter was not. Peter did not go with them.

When they left the pirates captured them. Peter and Tinkerbell were still free.

Peter went to the ship, saved the children, and threw the pirates overboard.

An alligator was waiting for Captain Hook.

Everyone went to Wendy's house to live.

Peter and Tinkerbell did not want to stay

They went back to Neverland. That is where they were most happy.
